

### CNN Train Data

- The units of observation for this dataset is accuracy for Book Cover Image URL.
- Variables
  - **Genre** - A string representing the main genre of a book. 260(0)
  - **Book Cover Image URL** - A string containing the URL to an image of a book cover. 260(0)

- | Metric            | Average | Minimum | Maximum |
|-------------------|---------|---------|---------|
| Training Loss     | 2.3634  | 2.2025  | 2.8303  |
| Training Accuracy | 0.1859  | 0.0800  | 0.2502  |

### CNN Test Data

- The units of observation for this dataset is accuracy for Book Cover Image URL.
- Variables
  - **Genre** - A string representing the main genre of a book. 260(0)
  - **Book Cover Image URL** - A string containing the URL to an image of a book cover. 260(0)

- | Metric              | Average | Minimum | Maximum |
|---------------------|---------|---------|---------|
| Validation Loss     | 2.6216  | 2.4957  | 2.9508  |
| Validation Accuracy | 0.1358  | 0.0573  | 0.2083  |
